

Bridge to Opportunity Funding Guidelines

Our Mission

High Foundation's mission is to improve the lives of people who live and work in Lancaster City, Lancaster County, and other communities in which High companies provide economic investment and employment by enacting positive, systemic change that will last well beyond our lifetimes.

Our Commitment to Equity

A world in which all people have access to opportunity is the world we want to help build. Our investments and initiatives further the goal of embracing diversity, promoting mutual respect, and broadening opportunity for everyone.

A note from Robin Stauffer, Executive Director

This is a year of extraordinary change and growth at High Foundation. Becoming the owner of High Industries has multiplied our ability to collaborate on new initiatives and sustainable transformation in Lancaster City, County, Central Pennsylvania, and beyond. Possibility is not only in the air — it's tangible!

We continue to support and champion community projects which enable the dignity, diversity, and inclusion of all people, and which create positive social and environmental impact; and we are expanding into major partnerships and strategic initiatives to address the most urgent issues facing our communities today.

High Foundation accepts proposals for initiatives, ideas, projects, and partnerships that align with our Mission, Commitment to Equity, and our Pillars of Investment, as outlined in this guide.

We look forward to collaborating with you to make opportunity within reach for all members of our community.

—Robin Stauffer

Pillars Of Investment

High Foundation is most interested in capital projects, with a mission of aligning with community organizations to support positive change within areas of identified need.

Addressing Poverty and Community Transformation

Initiatives which strive to eliminate the issues that contribute to the cycle of poverty.
